Gentlemen:-

Some of our friends abroad have asked us to help them dispose of a very valuable collection of coins, which collection has taken something like 100 years to get together; the desire to sell being solely on account of the pressing need for funds.

Possibly you might be interested in this collection - if so, we would very gladly send you a list. Or if you are not interested yourselves, probably you could put us in touch with some private collectors that would be interested.

The entire collection can be purchased, we believe, for about \$12,000.

Awaiting the favor of an early reply, we beg to remain

Yours very truly,

THE J. G. WHITE ENGINEERING CORP.

Dear Sir:

Your favour to the Metropolitan Museum of Art
has been forwarded to us for reply as they do not collect
coins.

We should be glad to see the list of the collec-
tion of which you speak.

Very truly yours,

Curator.
